Dear Sir:

Applicants hereby request that the Corrected Official Filing Receipt, a copy of which is enclosed, be corrected to reflect the true and correct domestic priority data as claimed by the applicant.

The Filing Receipt should state that this application is a continuation-in-part of Application Serial No. 09/552,265, filed on April 19, 2000, now Patent No. 6,555,343, which claims the benefit of U.S. Provisional Application Serial No. 60/287,594, filed May 7, 1999.

U.S. Provisional Application Serial No. 60/287,594 is the result of a conversion of utility application Serial No. 09/307,307, filed May 7, 1999. Applicants should be entitled to the May 7, 1999 filing date.

As the error cited in the Official Filing Receipt was incurred through the fault of the Patent Office, no fee is believed to be required. However, please charge any fees or credit overpayment to Deposit Account No. **08-1641**, referencing Attorney's Docket No. **39766-0057 CP2**). Please direct any calls in connection with this application to the undersigned at the number provided below.

Respectfully submitted,

Date: July 27, 2004

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
